What kind of data are processed; what are the purposes of the data processing

In general, the visit and consultation of the Website does not imply collection and processing of user's personal data. The processing of user's personal data who visits and consults the Website is limited to the so-named surfing data, namely the data whose transmission to the Website is implicit in the functioning of the information systems in charge of the managing of the Website and in the use of communications protocols peculiar to the Internet. Surfing data are, for example, the IP addresses or the domain names of the computers employed by the user who connects to the Website and other parameters relating to the type and the information operating system employed by the user. Surfing data, such as these above specified and for example the number of visits, the time spent on the Website are collected and processed by European Cars

a More s.r.l. exclusively for statistical purposes and in anonymous form in relation to the access and use of the Website for purposes of monitoring the correct functioning of the Website and enhancing the Website functioning and content. Due to the nature itself of surfing data, these data may lead to identification of users if they are associated with data held by third parties; however, European Cars a More s.r.l. does not collect surfing data in order to associate them with identified users. Surfing data are deleted after the processing in anonymous form; said data may be used for purposes of assessing possible responsibilities in case of information crimes realized against the Website or through the Website. With the exception of the aforementioned circumstance, European Cars a More s.r.l. keeps the user's surfing data only for the maximum period of time allowed under applicable laws and then makes said data anonymous.

We may process user's personal data also when user contacts our customer support and call centre, which may communicate with user and thus process user's personal data through e-mail, chat and telephone.

When requested under the Privacy Law, European Cars a More s.r.l. requires the user's consent before proceeding to processing his/her personal data. Where you have provided us with personal data about another person, to the extent permitted by applicable laws you hereby confirm that said communication and further processing by us as set out in this Privacy Policy complies with applicable privacy laws, so for example you should inform said person and as requested obtain his/her consent to the processing of his/her personal data for the purposes set out in this Privacy Policy.
